

Name _____

Cause	Effect
	

Double It! • Level F • 1

Skill: Cause and Effect

Instructions: Review the picture with students, and have them write or draw the cause for that effect in the *Cause* box. Then, have students find three other cause-and-effect relationships in the book. Have them use key words or pictures to record the causes in the *Cause* box and the corresponding effects in the *Effect* box.
